Sensei Sandy BJJ — Kids Class

We're so glad you're here. Today isn't about being tough or knowing moves.
It's about **learning how your body works**, staying **safe**, and having **fun together**.

TODAY'S ADVENTURE THEME

“Strong Bodies Use Smart Shapes”

We'll learn how to:

-  **Protect ourselves** like turtles and beetles
-  **Create space** like calm, sneaky sharks
-  **Hold safely** like big, gentle dinosaurs

No punching. No kicking.
Just balance, control, and teamwork.

HOW CLASS WORKS (KID-FRIENDLY VERSION)

★ Everyone Gets a Turn

Kids work in short games with clear rules.
We switch partners often and keep things moving.

★ Winning Looks Like This

- Standing up safely
- Keeping balance
- Holding without squeezing
- Helping your partner learn

★ Safety First (Always)

If something feels weird or twisty:

- 👉 Freeze like a statue
- 👉 Raise your hand
- 👉 Sensei helps right away

WHAT KIDS ARE REALLY LEARNING

(Parents' Secret Page 😊)

- Confidence without aggression
- How to fall, stand up, and recover safely
- Body awareness and self-control
- Problem-solving under gentle pressure

This class is designed so **everyone succeeds**, especially on Day One.

FOR THE BELL FAMILY

You don't need:

- Experience
- Special strength
- To “be tough”

You *do* belong here exactly as you are.

If your child feels shy, excited, nervous, or silly —
that's all normal and welcome.

READY TO RIDE?

Shoes off. Big smiles on.

Let's explore what strong, smart movement feels like.

Welcome to the team, Bell Family.

We're happy you're here. ❤️
